Alexandria, VA 22313-1450

RESPONSE UNDER 37 C.F.R. § 1.116

Dear Sir:

In response to the Office Action mailed 11/26/04, Applicant request entry of the following response:

In the Claims:

No amendment to the claims is proposed.

REMARKS

Examiner has rejected independent claims 1-2, 7-10 and 12-13 under 35 U.S.C. § 102 (e) as being unpatentable over USP 6,594,682 to Peterson et. al ("Peterson").

The standard under § 102 for anticipation is exacting. Anticipation requires that all of the elements of the claimed invention, arranged as set forth in the claim, be disclosed in a single reference. The Peterson reference fails this exacting standard for the claims of the present application.
